Dear Ms. Wilson,

Re: Case No. 14-21229-PRW

My records show that you have fallen behind in your Chapter 13 plan payments. As of this date it appears that your plan is in default in the amount of $769.57. The last payment I received was posted on March 14, 2017. A cursory review of your payment history shows that your employer appears to be remitting payments of $165.26, which I believe represents two weekly payments of $82.63. However, based on your employer's sporadic remittance, it appears that your plan payment default has not been fully resolved. Enclosed please find a receipt history for all plan payments received to date for your review. Please compare the deductions in your paycheck for the last year against the payments received from your employer.

I look for plan payments to be brought current as quickly as possible so that the plan completes within its original term. If you would like to arrange to make up the missed payments please contact my office as soon as possible. Also, if you have questions or concerns about how the arrearage was calculated, or if you believe that you have not been credited with all the payments you have sent in, then I need to hear from you as well.

Above all, if your present circumstances do not permit you to continue with your payments, and/or to catch up the missed ones, then I urge you to contact your attorney immediately. Your attorney is being sent a copy of this letter.

You must take action to save your case from being dismissed. If I do not have a response from you within (10) days from the date of this letter I will have no choice but to file a Dismissal Motion with the Court.

You may contact our office by either phone at 585.427.7225, ext 234, or by fax to 585.427.7804.

Very truly yours,
George M. Reiber
